LIFE CRUSHED  
OUT TODAY BY  
FALLING STONE

Jas. McCoy Met Tragic  
Death in Cement  
Co. Quarry.

James H. McCoy, of 31½ Pine street, was crushed to death under heavy rocks in the quarry at the Sandusky Cement Plant east of the city this morning, his death from the severe injuries he received when a mass of stone from the face of the quarry fell onto him resulting in his death at the hospital a few minutes after he had been hurried to that institution.

In company with other quarrymen the victim of the morning's tragedy was at work about the steam shovel when the mishap occurred. The face of the quarry was apparently safe, but it is believed by workmen that the heavy rains of Saturday night and Sunday morning had loosened the rock near the crest of the face, for with little warning it fell shortly after 10 o'clock.

Others Escaped Injury.

McCoy's companions were able to get out from beneath the falling stone, but he was caught and fatally crushed, his back and head being badly hurt and one leg being broken. It is also believed he received internal injuries, for he died a few minutes after reaching the hospital at 10:40 o'clock. The remains were taken to the Jones' undertaking parlors, where an inquest will be held on the arrival of Coroner Whetston from Stevedore and probably on the afternoon train from the east.

The tragedy which befell the young man has caused profound sorrow among many friends, who will tender sincerest sympathy to the bereaved wife and three children: the parents, Mr. and Mrs. Dennis McCoy and the brothers and sisters.

Talked to Doctor.

The unfortunate man was conscious when he reached the hospital and he told Dr. E. S. Murphy, who was called to attend him, that a heavy stone had rolled across his stomach. He disclosed, a few minutes before he died, that he realized he was fatally injured.

PURCELL COULD NOT  
HAVE TIED HIMSELF  
AFTER TAKING DOPE

Chicago Authorities Are  
Agreed He Was Not  
Alone in Room.

Chicago, Oct. 6.—The fate-spun web which brought death to Elias H. Purcell, former Sterling music teacher, last night remained untangled by a single strand.

Police, detectives, assistant state's attorneys, coroner's deputies, psychologists, and other experts closed the second week of their investigation with the same old results—a multitude of stone walls through which appeared no doorways.

Developments of the last twelve days have brought forth many clues, but all have failed signally to solve the secret of the death.

Yesterday was a busy day, however, for the three score or more working on the case.

Whole Case Reopened.

It became known last night that State's Attorney Hoyne, who, with Coroner Hoffman, takes the attitude that Purcell could not have killed himself, plans to open the third week of the inquiry with a campaign of detection hitherto unknown to Chicago criminal history.

All details surrounding the use of nicotine as the death instrument, the camouflage of the murder breakfast, and the disarranging of the apartment to make robbery the apparent motive will be reviewed.

In addition every scrap of paper again will be scrutinized, every business (Continued on Page Six.)

DR. ANGSTROM IS  
LOCATED IN DIXON  
PHYSICIAN'S OFFICE

Dr. B. R. Angstrom, who has just completed a six-weeks post graduate course in Chiropractic, Davenport, Ia., has returned here to practice with Doctors R. B. and H. E. Saxmann.

Dr. Angstrom graduated from the Palmer school of Chiropractic in 1913, a class-mate of the Doctors Saxmann, and comes highly recommended, being a man of wide experience in the Chiropractic field. Dr. Angstrom visited here in July on his return from overseas service.

Mrs. George Eichenberg and daughter, Mrs. W. L. Sheets, of Savanna, who has been visiting her, spent today with Norman Eichenberg and family in Rock Falls.

SENATORS WARM UP  
AHEAD OF TIME IN  
TREATY DISCUSSION

Telegram From California  
Draws Some Sharp Re-  
marks Today.

By Associated Press Leased Wire

Washington, Oct. 6.—The senate jumped into a discussion of the peace treaty today two hours ahead of its schedule. When the session began Senator Hitchcock of Nebraska, leader of the administration forces, presented a telegram from the Los Angeles branch of the League to Enforce Peace saying among other things that "the people of California were overwhelmingly in favor of the league."

References in the telegram to Senator Johnson, republican, drew sharp comment from Senator Borah, republican, Idaho.

"Maybe the senator from California will be able to recoup his republican losses in California by democratic gains in Massachusetts," said Senator Borah, in asking that the platform adopted by the democrats in Massachusetts, opposing the league covenant as framed, be put in the record.

"Why not insert the platform adopted by the Massachusetts republicans, which might throw some light on this subject," said Senator Nelson, republican, Minnesota.

Senator Borah did so and added that notwithstanding the President's wish, there seemed to be danger of getting the league in every political arena.

Senator Hitchcock declared that in presenting the telegram it was not his purpose to show that Senator Johnson had lost personal following, but that republicans of high standing and every calling in California, and some of the senator's campaign managers "repudiated Senator Johnson's action on the league of nations."

SERBIAN INCIDENT CLOSED

By Associated Press Leased Wire

Rome, Sunday, Oct. 5.—According to reports received by the ministry of the navy there was only one shot fired at the steamship Epiro when she was entering the winding channel leading to Cattaro last week. This shot, it is said, was fired by a Serbian sailor volunteer from the Rock of Rondoni, situated on an island in the channel.

Italy has obtained the punishment of the guilty sailor and the substitution of a Serbian regular troops for volunteer sailors as guards of the forts along the channel.

Husking Corn in  
Central Illinois

By Associated Press Leased Wire

Bloomington, Ill., Oct. 6.—Following the most advantageous weather for maturing crops experienced in years, corn husking began generally over Central Illinois today much earlier than usual. The grain is perfectly dried, in marked contrast to the crop last year and the yield will run ahead of expectations on most fields.

Paris, Oct. 6.—(Havas).—According to a dispatch from Rome a royal decree ratifying the peace treaty with Germany will be signed today.

NEW PROGRESS  
IN CONDITION OF  
THE PRESIDENT

Another Good Night  
and Continued Im-  
provement.

By Associated Press Leased Wire

Washington, Oct. 6.—President Wilson continued to improve and passed a satisfactory night, said a bulletin issued at 11 a. m. today and signed by Rear Admiral Grayson, the president's personal physician, Read Admiral Stitt, head of the naval medical school here, and Dr. Sterling Ruffin of this city.

The bulletin follows:

White House, Oct. 6, 11 a. m.

"The improvement in the president's condition noted yesterday has continued. He had a satisfactory night.

(Signed) "Grayson.

"Ruffin.

"Stitt."

This was the first time Doctors Stitt and Ruffin, who have been assisting Dr. Grayson, had signed the bulletin, which was issued after a consultation between the doctors.

Amplifying the bulletin, Dr. Grayson said there was a slight improvement in the president's condition and that he again insisted upon attending to public matters he considered pressing. The president particularly desired to write a message to the industrial conference to be held at the opening session today.

Dr. Grayson said he was not yet ready for the president to do any work and would continue to insist that he have absolute quiet and rest and keep his mind away from official matters. The physician fears that any excessive activity on the part of the president might cause a reaction.

While a spirit of optimism pervades the white house today because of the continued improvement in the president's condition, Dr. Grayson said he did not want to be too optimistic and would continue to watch his patient carefully.

Hitchcock Calls.

Callers at the white house today included Senator Hitchcock of Nebraska, the administration leader in the senate treaty fight, who told Secretary Tumulty to assure the president he need not worry over the treaty. Senator Hitchcock said it was not expected that there would be any development in connection with the treaty fight requiring the president's attention for two or three weeks. He expressed the hope, however, that he would be able to confer with the president within a fortnight, when consideration of reservations is expected to be begun by the senate.

By Associated Press Leased Wire

Washington, Oct. 6.—President Wilson had another good night last night and apparently his condition continued to improve. During the morning Rear Admiral Grayson, his personal physician, held another consultation with Rear Admiral Stitt, head of the naval medical school, and Dr. Sterling Ruffin, of this city.

ABSOLUTE REST NEEDED.

By Associated Press Leased Wire

Washington, Oct. 6.—While President Wilson's condition steadily is improving, his physicians made it clear today that they did not intend to relax at once their treatment of absolute rest, varying with it a prohibition against official acts of any character.

Those attending the President, much encouraged by his improvement and feeling it is likely to mean that he is definitely on the way to recovery, but they care to take no chances of a setback.

President Wants To Work.

Mr. Wilson was described today as chafing somewhat because he was not permitted to give any attention to official matters but Rear Admiral Grayson, his personal physician, said that on the whole he was proving a "good patient."

He wanted to prepare a statement for the industrial and labor conference opening here today, but his physician would not agree to it.

Dr. Grayson arranged to consult again today with the other physicians who were called in last week to see the President.

It was said that while the patient's condition remained as it is now, at least one physician besides Dr. Grayson would see him daily.

The President's illness prevented members of the supreme court from making the customary call on him on the opening day of court.

ENEMY NEWS COMMENT.

By Associated Press Leased Wire

Vienna, Sunday, Oct. 5.—Vienna newspapers contained today, for the first time, editorial comment on the illness of President Wilson.

The Volksblatt says:

"Lost Opportunities."

"The spirit of the master walked through the world, but he from whom we hoped for salvation did not see him. nor did he grasp his mantle. He now is stretched on his bed where he has ample time to reflect on his lost opportunities."

"Peace Would Totter."

FRIEND OF CHILDREN  
AND NEEDY SUMMONED  
BY MASTER YESTERDAY

Miss Mary Bresnahan Pass-  
ed to Reward on Sab-  
bath Day.

Scores of the children of Dixon, and the grown ups, too, are today sincerely mourning the death of one of their very best friends, Miss Mary Augusta Bresnahan who passed away at 12:30 o'clock Sunday noon at her home, 91 Crawford Ave., after an illness of almost a year's duration, during all of which time she bore with true Christian fortitude and patience the sufferings attendant perniciou anemia.

It is doubtful if the passing of any individual in Dixon could have brought sorrow to as many hearts as does that of Miss Bresnahan. During all her life she exhibited touching interest in the children and in the needy. Her acts of charity were countless, but were thoroughly unostentatious, and only those who were the beneficiaries of her great heart and her most intimate friends knew of the many deeds of kindness which marked her entire life. She found complete happiness in helping those who needed assistance, and she lived her belief in her favorite scriptural admonition "It is more blessed to give than to receive."

Friend of Children

The children of the city were especially her friends. She knew nearly all of them by their first names, always had a smile and a friendly greeting for them; and they all knew and blessed her. For 46 years, until her health prevented, Miss Bresnahan presided at the organ at St. Patrick's Catholic church, where she was a devout worshipper, and her faithfulness in being at her place for every service was noted by all the members of the parish.

She was born in Dixon and her entire life was spent in this city, where she graduated from Dixon high school, and where for many years she was a favorite employee in the J. B. Countryman store. She is survived only by her devoted sister, Miss Nellie; her parents, Mr. and Mrs. Daniel Bresnahan and two sisters, Nora and Margaret, having preceded her to the Great Beyond.

Short funeral services will be held at the home at 10 o'clock tomorrow morning and at 10:30 o'clock at St. Patrick's Catholic church, where solemn requiem high mass will be said by Father Foley and Father Quinn of that church, assisted by Fathers J. J. Morrissey and Wm. Carney of Chicago; C. F. Conley of Walcott and J. J. Clancy of Fulton. Burial will be at Oakwood.

TWO CASES SET  
FOR TRIAL HERE  
THIS AFTERNOON

When Judge O. E. Heard reconvened the Lee county Circuit court this morning after the Sunday recess he devoted the morning session to orders in chancery matters of no public interest, with two cases set for trial by jury this afternoon. The trials listed for the day were Vandenberg vs. Fordham, in which a new trial was granted at the last term, following a verdict against the defendant, and the Fox River Express Co. vs. Stiltzel.

The trial of the charges against Clyde Wicher, former superintendent of the Lee County Infirmary, who is under indictment for alleged misconduct in office and assault, has been set for next Monday with State's Attorney Edwards prosecuting and Attorneys E. H. Jewett and John E. Erwin appearing for the defendant.

NEW CABINET IS  
FORMED BY TURKS

By Associated Press Leased Wire

Paris, Oct. 6.—A new cabinet has been formed in Turkey in succession to the ministry of Damad Ferid Pasha, which resigned recently, the new grand vizier being General Ali Riza Pasha.

The Rescript of the Sultan defines the mission of the new cabinet as being to arrange for the holding of elections and convene the parliament.

A Grave Situation

The downfall of the Turkish cabinet following the occupation by Turkish nationalist troops of Konieh an important city of Asia Minor connected by railroad lines with Soutari and Smyrna, is considered in French circles as creating a grave situation in Asia Minor and the development of another difficult problem for the peace conference. The young Turks are thought to be regaining the upper hand in Turkey.

BIG INDUSTRIAL  
CONFERENCE IS  
OPENED TODAY

Labor, Capital and the  
Public Seek "Agree-  
ment."

By Associated Press Leased Wire

Washington, Oct. 6.—Representatives of all the railroad workers' unions, including the four big brotherhoods, will participate in the industrial conference which begins here this afternoon, Timothy Shea, of the Firemen, announced after a conference of the union heads.

The railroad men accepted the compromise proposal of President Wilson that the four brotherhoods have one delegate each and the fourteen unions affiliated with the American Federation of Labor be represented through the federation's delegates. Bert M. Jewell, acting president of the Railway Employees' department of the Federation, will participate as a delegate for the public.

By Associated Press Leased Wire

Washington, Oct. 6.—Interest in the nation's industrial situation brought to a point regarded as critical because of increasing controversies between capital and organized labor, centered here today where representatives of the three great elements in national life—capital, labor and the public—were to sit in conference, their aim as expressed in the words of President Wilson when he issued the call for the meeting, will be to arrive at "some common ground of agreement and action with regard to the future conduct of industry."

Final details of arrangements, for the conference were completed last night when Secretary of Labor Wilson, Attorney General Palmer and Bernard Baruch, the last named one of the public's representatives, conferred with Secretary Tumulty at the White House. The conference, which will be held in the Pan-American building will be opened at 2:30 o'clock. Secretary Wilson, acting for President Wilson, will call the meeting to order and preside until organization is perfected which will include the selection of a permanent chairman.

Who the permanent chairman will be, has not been settled, but Secretary Lane, one of the first to suggest such a conference, was among those mentioned. With the exception of those of the railroad workers the representatives of all elements concerned were reported to be on hand and ready to start. Disagreement as to the basis of representation for the railroad men held in abeyance the question of whether the four principal unions of these workers would participate in the conference. A meeting of the railroad union leaders was held this morning in an effort to adjust the controversy.

CELEBRATION AT  
COMPTON IS TO  
BE A GOOD ONE

Compton will hold a big celebration in honor of her returned soldiers tomorrow and the Lee county town will be the mecca of all pleasure seekers for many miles around. A full program of entertainment has been provided and a big day is assured.

Attorneys Harry Edwards, Harry Winkler and Henry Dixon will be the speakers of the day.

Balloon Ascension.

Andrew Owens, Dixon's dare-devil balloonist, will make an ascension. There will be an airplane flying about the town, taking up passengers. At 6 p. m. a dinner for all service men of Brooklyn and Viola township will be served. In the evening there will be a dance. Everything is free for soldiers and music throughout the day.

GEORGIA WHITES  
LYNCH NEGROES

By Associated Press Leased Wire

Lincolnton, Ga., Oct. 6.—Jack Gordon and Will Brown, negroes, were lynched by a mob here early today and their bodies burned. The victims of the mob were charged with having shot Deputy Sheriff Roy Freeman and Boyce Fortson here late Saturday. Freeman is not expected to live.

Another Negro Killed.

Mose Martin, another negro, was killed by a posse late today during the hunt for Gordon and several other blacks were whipped for refusing to give information as to Gordon's whereabouts.

AT CRIME'S SCENE.

By Associated Press Leased Wire

Washington, Ga., Oct. 6.—Jack Gordon, a negro, charged with wounding Deputy Sheriff Freeman near Lincolnton, Ga., Saturday night, and Will Brown, another negro, were lynched early today near the scene of the shooting, according to reports received at the sheriff's office here. Gordon was taken from this place early today by the county sheriff en route for Lincolnton and a number of white men in automobiles followed.

WILSON GIFTS  
FROM EUROPE  
ARE ANNOUNCED

President and Wife An-  
swer Questions of Re-  
publican Statesmen.

By Associated Press Leased Wire

Washington, Oct. 6.—Acting upon the "express direction of the president and Mrs. Wilson," Secretary Tumulty today made public a statement containing an itemized list of presents received by them while in Europe.

Mr. Tumulty's statement follows: "While on his western trip the President's attention was called to the resolution of representative Rodenberg of Illinois, and the statements of senators Penrose and Sherman in regard to gifts received by the President and Mrs. Wilson while they were in Europe.

"Senator Sherman indicated the basis of the various stories touching this matter when he said that cloak room gossip laid the values of these gifts at half a million dollars. Senator Penrose said he had been informed that the President's party's brought back to this country presents from Crowned heads and foreign governments amounting to several million dollars.

Here are the facts:

"Outside of a considerable number of small gifts, such as books, winking sticks, an old silver dish found in the ruins of Louvain, war souvenirs made by soldiers out of war material, and numerous medals struck off in his honor, the following are the only important gifts received by the president in Europe:

"In England:  
"Photograph of the King and Queen of England.  
"A book relating to Windsor Castle.  
"The Freedom of the city of London, presented in a gold casket, by the Lord Mayor at Guild Hall.  
"In Italy:  
"A water color picture on bronze easel, presented by the Queen of Italy.  
"A bronze figure presented at the Capitol in Rome (a gift from the people).  
"A figure of 'Italia Victoria' sent to the train at Genoa, either by a school or by the citizens of Genoa.  
"A set of books from the citizens of Genoa.  
"A mosaic, presented by the Pope.  
"In France:  
"A bronze figure, presented by a body of students.  
"The President also received numerous honorary degrees from nearly all of the countries of Europe, and many resolutions of respect and gratitude.  
"Knowing that there is a constitutional inhibition against the president receiving gifts from foreign rulers, the president, after consulting the secretary of state, was preparing a list of the presents he intended to ask the permission of congress to retain, just before he started on his western trip.  
"In addition to the gifts received by the President, the following tokens were presented to Mrs. Wilson while she was in Europe:  
"In France:  
"A pin of Parisian Enamel with tiny diamond chips, presented in hotel De Ville by the city of Paris.  
"Linen hand embroidered lunch set (small cloth and dozen napkins) in a case, presented through Madame Poincare and Madame Pichon by the working women of France.  
"In Belgium:  
"A small medal by Cardinal Mercier.  
"A Belgian Lace table cover, presented by the Queen.  
"A complete file of the 'Libre Belgique' (the paper published during the German occupation), presented by the King in leather folder.  
"In Italy:  
"A reproduction of the 'Wolf and Romulus and Remus' in gold, presented by the people through private subscription.  
"A piece of lace in leather case, presented by Signor Orlando in behalf of 'His Colleagues.'  
"A small reproduction in silver of a pitcher found in the ruins of Pompeii.  
"In making this statement I am acting upon the express direction of the President and Mrs. Wilson."

Washington, Oct. 6.—Leaders of the National Union of Railway men who directed the strike which was settled yesterday, declare their satisfaction with the arrangements, in messages to the Herald, organ of union labor.

"The men stood four square, determined to secure victory or go down together," declares J. H. Thomas, secretary of the union and leader of the strike. "The settlement brings home great gains."

He appeals to railway men to consolidate their organization and make their forces stronger than ever, so as to "gain for all members a higher standard of life."

Comiskey Park, Chicago, Oct. 6.—Cincinnati won the fifth game of the world's series from the Chicago Americans here today by a score of 5 to 0. Eller's pitching for the visitors was almost a perfect exhibition of twirling skill. He allowed the American Leaguers three hits scattered into as many innings, retired nine of them by the strike out route and was himself in the plays in the sixth inning that netted Cincinnati 4 runs. In this round he got a double and by good base running landed on third. The support accorded him by his team-mates was flawless.

On the other hand Williams, while he allowed but four hits, was slightly wild, his team-mates did not support him as well as the Reds supported Eller and the visitors succeeded in getting hits off him at an opportune moment. The series now stands: Cincinnati four, one, one, lost. Chicago one won, four lost.

The attendance at today's game was 34,379. The receipts exclusive of war tax was \$97,839; the players' share, \$52,839.66; club's share \$35,222.04; commission's share, \$7,735.90.

FIRST INNING

REDS—Rath up. Jackson played near the left field foul line while Rath was batting. Rath started the game by drawing a pass. Daubert laid down a sacrifice, Schalk throwing him out at first. Rath easily made second on the play. Groh up. Groh sent a high fly to Felsch and Rath held second. Roush out. Gandil to Williams, the former going over toward second, getting the ball, while Williams hurried over to cover first and received the toss.

No runs, no hits, no errors.

SOX—Leibold up. The crowd yelled encouragement to the Sox as Leibold came to bat. Leibold started the Sox half of the inning by getting a walk. Eller's balls were all low and on the outside. Eller seemed to be having trouble in getting it over and Daubert came to the box and tried to steady him. E. Collins was out. Kopf to Daubert, but Leibold made second. The play at first was very close. Weaver singled, the ball hitting Eller's hands but proving too hot to handle. Leibold dashed to third and arrived safely. Luque started off warm up for Cincinnati Jackson popped up a high one that Groh too keared of near third. Leibold held third and Weaver first. Felsch sent a high fly that Duncan captured.

No runs, one hit, no error.

SECOND INNING

REDS—Duncan up. Williams seemed a bit wild, but pitched himself out of what seemed to be a bad hole. Duncan fanned, taking a terrific swing and missing his final strike. Kopf up. Felsch and Jackson were playing over toward the left for Kopf. Schalk backed up and made an easy putout of Kopf's high ball. Neale fanned. Williams had his underhand ball working fine, keeping his shoots around the players' knees.

No runs, no hits, no errors.

SOX—Gandil up. Gandil took a swing at the first one but missed. Gandil took three healthy swings at the ball but only connected with atmosphere. Risberg also fanned. Schalk fanned. Eller had perfect control of his fast ball and retired the side by striking out Gandil, Risberg and Schalk.

No runs, no hits, no errors.

THIRD INNING

REDS—Gandil took Rariden's bounder in back of first and beat him to the bag. Eller received a big ovation when he took his place in the batter's box. Eller sent one straight into the air that Weaver came over to the plate and captured. Rath popped an easy foul to Gandil. Williams also seemed to be working in mid-season form.

No runs, no hits, no errors.

SOX—Williams up. A record for world series play was made in the second inning when the catchers made all of the potouts. Williams struck out, the last strike being called on him. Leibold fanned. Eller continued his good work and neither Williams nor Leibold could connect with him. Eddie Collins up. He fanned. Eller duplicated his feat of the second inning by striking all three batters in the third. He was pitching remarkable ball. This is also a record in a world's series game for the pitcher to retire the batsmen in two successive innings by striking them out.

No runs, no hits, no errors.

FOURTH INNING

REDS—Daubert hoisted an easy one that Felsch had hardly to move to take. Groh up. He fell down to avoid Wil-

# ROSENWALD TELLS HOW MONEY RAISED WILL BE EXPENDED

## Purposes of Coming Campaign Clearly Outlined By Him.

By Julius Rosenwald

The American Jewish Relief committee asking thirty-five million dollars of the American public this year to carry on the activities in east Europe for another year. It is only fair that the American public should know what the committee means to do with it. It is greatly increasing expenditures in Poland, of which Dr. H. I. Dvorsky of Chicago, a major in the American Red Cross Commission, said:

"It is a purgatory, and in it human beings are suffering untellable horrors."

Although American Jewish agencies are spending one million dollars a month there, this sum is less than a cent a day for each needy Jew in Poland. The 800,000 Polish children who are in need of food are receiving it. More soup kitchens and milk stations are being opened each month. At present there are thirty in Warsaw alone, and a corresponding number in every large city of Poland, yet men, women and children stand for hours in line to get food. Fifty-five thousand fugitives in Poland are cared for at Jewish hospitals, which would be at most entirely without medicines, doctors, food, bed-linen and clothing, are kept in operation by American Jewish funds.

The war has left seventy-five thousand or more orphans in the countries of eastern Europe. The future of these Jewish children is one of the biggest after-war problems of the present time. American Jewish relief agencies, open institutions for these children, get them into homes, or see that they are kept in comfort with their parents. In the cases where fathers or mothers are still living.

Shipments of food and clothing to the stricken countries of Europe are increasing. The "Westward Ho" has made two trips to Danzig with upward of one million dollars worth of supplies on each voyage. Several other ships have carried in the last few weeks cargoes of Jewish supplies. Goods are also sent from Paris, the European headquarters.

The relief provided by the fund is not distributed exclusively to Jews. As an example in Poland this year the supplies sent on the first relief ship for Jews were divided half and half with Christians.

Palestine and Rumania, far apart in miles, are alike in cessation of all business since the beginning of the war. Orphanages, hospitals, and institutions for the old, as well as a vast amount of relief work in homes, must be provided in these two lands.

American Jewish relief agencies will also enlarge the scope of their work in the Balkans, where it is especially difficult to operate since the railroads and bridges destroyed by the Austrians have not yet been replaced.

An American Red Cross relief train of thirty-one cars has just completed a trip across Siberia. It carried Red Cross and Jewish supplies jointly. American Jewish relief agents will continue this work, and enlarge it. They are also caring for hundreds of Siberian Jewish refugees, who, attempting to make their way to America, when the war began, were stranded in Japan and elsewhere of the far east and are now at the point of starvation. They are also giving aid to the Jews in Serbia, whose number has been cut almost in half by the war. Many have gone insane from hunger and despair.

The appeal now is to the people of Illinois to contribute Three Million dollars toward the Thirty-five Millions the American Jewish Relief Committee has set out to raise. Cook county will undertake to subscribe One and One-half Millions. The same amount is apportioned to the other counties of the state. The intensive drive will take place October 26 to November 1. It is humanitarian, not sectarian, work we set ourselves to do. Jew and Christian, working together, here, as elsewhere, will accomplish the task.

One of the outstanding features of these war relief campaigns in various states has been the voluntary gift by non-Jews of personal service and money. It has given a thrill to Jew and Christian to work shoulder to shoulder in this good cause. We understand each other because of an ennobling experience. Let us hope that this wholesome co-operation is the forerunner of a permanent brotherhood of man. What more fitting compensation could the world have for its years of war suffering and sacrifice!

### Birds With Brains.

Naturalists have arrived at the conclusion that the brain in birds is large in proportion to the body. If it is admitted that intelligence depends upon the weight of brain, then the goldfinch must be placed at the top of the list of birds; the brain weighs one-fourteenth of its whole body.

### LOWDEN BOOSTS DAIRY SHOW.

Springfield, Ill., Oct. 4.—Gov. Frank O. Lowden today gave out the following statement concerning the National Dairy Show, which opens in Chicago on Monday morning and runs through October 12:

"The National Dairy Show is more than an exhibit of the products of a great industry. The Child Welfare Bureau of the Department of Labor, directly under the management of Mrs. Ira Couch Wood, of Chicago, and the Bureau of Education of the Department of the Interior are also to participate in this great exposition. The dairy industry is more intimately related to the life and health of the people than any other. A hardy race of people is impossible without a sufficient supply of milk. The great war caused the destruction of millions of cows of Europe. The result is that millions upon millions of little children in Europe are without adequate supply of milk. America, too, has a scant supply of milk even for its own population. Any thing, therefore, which encourages the expansion of the dairy industry of the country is helpful to humanity. I trust that this great show may in every way be a success."

"Frank O. Lowden."

## ONE BALLOON IS REPORTED; HOPE HELD FOR OTHERS

### Crew Struggled Thru Woods Three Days in Canada.

By Associated Press Leased Wire

St. Louis, Mo., Oct. 6.—Although two balloons crews in the National championship race have been missing for 4 days and a half, anxiety over their fate was considerably lessened last night when it was learned that the pilot and aid of a third balloon reported missing had landed Thursday and spent three days penetrating the unsettled Parry Sound region of Ontario.

The two remaining craft to be heard from are the St. Louis V and the Wichita, Kansas entry, both of which took a northeasterly course with eight other competitors upon taking the air here last Wednesday night. Two of the balloons reported so far landed in the Parry Sound region, and race officials are confident that the pilots yet to be heard from have landed safely and are now making their way to some point of communication with the outside world.

## MAJOR-GENERAL WOOD WARNS AMERICAN PEOPLE

"Universal Service brought to the colors, through the draft, first and last approximately three million men, and it is safe to say that not over fifty percent, probably less, of the men were fit for line service when the nation was called to the colors," said Major General Wood in a recent article in the Metropolitan Magazine.

"When it is remembered," he said, "that the men sent to the camps for training had passed the Selective Draft Boards and that they represented those who were considered most fit to undergo training and preparation for military service, it does not take much imagination to picture the physical and health conditions of the remaining thirty percent. Think what this condition means what its effect is—upon the race, upon national efficiency, national morality and character."

"The mobilization of the selected men of our nation brought to our attention an intolerable, unnecessary and dangerous condition—dangerous to us and to the race."

To get well, or stay well and strong, it is absolutely necessary to have healthy blood, rich in plasma, oxygen, iron and the natural cell-salts that nature provided to nourish and revitalize the cells.

You cannot live without oxygen, and the cells of the body are not supplied with the cell salts that feed and nourish them they soon wither, just as a plant droops and dies for lack of water.

Dr. Reusing's remarkable discovery, which he recently announced and named REOLO, rapidly increases the number of red blood cells and supplies the oxygen, iron and cell-salts that the blood must have to keep the body well or make it well.

This wonderful REOLO formula which has been used with remarkable success by Dr. Reusing in his private practice, may now be obtained through registered druggists who are Licensed Distributors of the Dr. A. L. Reusing Laboratories, Akron, Ohio.

REOLO is not expensive. Each sealed package contains 100 pleasant, tasteless tablets, sufficient for two weeks' treatment, and only costs a dollar. It is sold under the Positive Guarantee that if you are not absolutely satisfied with the results after taking the two week's treatment, your money will be promptly refunded.

You can obtain REOLO at Sterling & Sterlings, the Licensed Distributors for Dixon.

### SCHULTE-FITTS WEDDING—

At the home of Mr. and Mrs. Fred C. Fitts, of South Dixon, took place the marriage of their eldest daughter, Ethel Mae, to Theodore Schulte, of Harmon township, son of Mr. and Mrs. Kasper Schulte, on Thursday, October 2nd, at 3 o'clock. The ceremony was performed by the Rev. Lewis Krebs, pastor of the Lutheran church of Amboy.

Miss Hannah Schulte, sister of the groom, was maid of honor and Clarence Frederick Fitts, brother of the bride, served as best man.

The young couple and their attendants descended the stairway and took their places under wedding bells and before a bank of flowers and ferns as Miss Marie Koehler played the wedding march.

The bride was handsomely gowned in a creation of blue Georgette crepe over silk. The maid of honor was also gowned in blue Georgette.

After congratulations the company repaired to the dining room where a sumptuous wedding dinner was served to about forty guests.

The bride and groom left amid best wishes and congratulations on a honeymoon trip through Iowa and the Dakotas. Upon their return they will be a home after January 1st, on the farm owned by the groom's father near Harmon. The bride wore for the trip a traveling suit of blue with hat and shoes to match.

The guests from out of town were Mrs. Ella Boyer, Mrs. Lulu Pinkerton and little daughter Anna Mae, from Des Moines, S. D.; Mr. and Mrs. Charles Gies and family, Mr. and Mrs. Ames Flesner and family, Mr. and Mrs. Kasper Schulte, and Mr. and Mrs. August Schulte and family, of Harmon.

### ARRIVED IN CALIFORNIA—

Mr. and Mrs. George Atkins and Mr. and Mrs. McKnight and Miss Marion Waterman, who left about a month ago in their car for California, arrived there last Monday after being three weeks on the road, with stops to visit relatives in Iowa and Colorado. Mr. and Mrs. Atkins will make their home in Pasadena and Mr. and Mrs. McKnight and Miss Waterman will reside in Los Angeles.

### DINNER GUESTS—

Guests at the Nachusa Tavern at Sunday dinner were Judge and Mrs. Kent and daughter, Marcelle, Attorneys Gannon and Gehant, Mrs. Theo. Fuller and daughter, Mary Louise, Mr. and Mrs. Harry A. Roe and family, E. C. Parsons, Mr. and Mrs. H. T. Noble and son, Attorney A. C. Bardwell, Mrs. H. U. Bardwell and daughter, Mrs. Hitchcock and Miss Jean Hitchcock, Mr. and Mrs. O. H. Martin, Mrs. Raymond McGowan and Judge Farrand.

### COOLEY-TURNER—

W. Worth Cooley and Miss E. Grace Turner were united in marriage at noon Friday at the Baptist parsonage here. The pastor, Rev. John Simpson, read the service. Mr. Cooley is a civil engineer at present in construction work in Iowa. His bride is the daughter of George Turner, of this township. For the present their home will be in Iowa.

### SOCIAL AT GRANDY—

The Ladies' Aid society of Grand Detour will give an ice cream social Friday night, October 10th, in the town hall. Everyone is invited.

## PHIDIAN ART CLUB LUNCHEON—

It has been necessary to make a change in the program to be given at the Phidian Art club luncheon at the Dixon Inn tomorrow as Mrs. J. W. Parker, of Chicago, who was to have given the address, "The Vital Necessity of Art in America Today," is unable to be present as she is ill and in a hospital. The committee in charge is very happy to announce that Mrs. Leonard Andrus will take Mrs. Parker's place. Everyone knows Mrs. Andrus' charm of manner and her wide experience in war work will make her talk of great interest. Mrs. Parker has promised to address the club at a later date.

## BIBLE CLASS HAD MEETING—

The Young Woman's Bible class of the Methodist Sunday school held a very pleasant social and business meeting at the home of Mrs. Charles Meyers, on Friday afternoon. Mrs. Street was chosen the new president of the class; Mrs. D. G. Palmer, its vice president; Mrs. Carpenter, the secretary, and for the office of treasurer, Miss Harriet Breed was chosen. Two very beautiful piano solos, given by Mrs. Jones, preceded the serving of tempting refreshments by the hostesses.

## THURSDAY READING CIRCLE—

The Thursday Reading Circle will meet on Thursday afternoon at 2:30 o'clock with Mrs. Richard Cortright. Mrs. Ackert will have the program in charge and will read a paper on "Scott and Its Songs and Scenery." ## Paderewski Gives Up

### His Art for Nation.

By Associated Press Leased Wire  
Paris, Sept. 21.—(Correspondence of the Associated Press).—Interviewed after the signature of the Austrian treaty Ignace Jan Paderewski, voted to leave the information that he had forgotten how to play piano. The journalists after asking the Polish premier numerous questions relating to the political situation in Poland, finally queried: "And your art, Mr. President, have you given it up completely?"

"Yes," replied the former artist. "I have forgotten it. I have little time to think of it. I have not played a piano for two years and three months. I do not regret it."

Then he added with a tinge of pride: "I am happy to have sacrificed to the cause of my country what I held most dear."

## OSTEOPATHIC DISTRICT MEETING

The second District Osteopathic convention will be held in Dixon Thursday afternoon, October 9th, at the Methodist church. The local osteopaths, Dr. Trowbridge and Dr. McNiel, will have charge of the entertainment and program.

The program will no doubt prove to be most interesting and instructive as excellent speakers have been secured, both for the afternoon session and the public lecture which will be given in the evening at 8 o'clock.

The evening lecture which will be especially worth while will be given by Dr. E. S. Comstock, dean of the Chicago College and Hospital of Osteopathy on the subject, "Health, the Inherent Right of Man." 23411

## Powerful Nitroglycerin.

The greater part of the world's output of glycerin is used for nitroglycerin, prepared by the action of a mixture of nitric and sulphuric acids on glycerin, which forms the chief ingredient of many modern high explosives and smokeless powders, used for military, mining and agricultural purposes.

# SANDRA THE JEALOUS

By JANE PHELPS.

## MR. KEMP AGAIN SENDS SANDRA ROSES.

### CHAPTER XCI.

Fortunately Mrs. Gray's presence of mind saved me from being seriously injured altho I was in a good deal of pain, and ill from the shock. The doctor insisted that I remain in bed for over a week. Everett was kindness itself and not once mentioned the attic or what I had done.

I shuddered as I thought of what might have happened—the house burned, myself scarred for life, and perhaps others injured, all because of my curiosity and my jealousy.

I had time to think in those days while my burns were healing. I made up my mind that it was impossible for me to be like Leola. Irma Barton had said she made Everett very unhappy at times, and was also often unhappy herself. I also recalled what she had said about Leola being a versatile hostess and an entertaining companion. I knew Everett was not only fond of, but also proud of his home. I would also learn to be a good hostess, and I would try to make myself an entertaining companion.

I would forget that she was temperamental. Evidently I was not, and so made a failure when I tried to follow her erratic actions—as far as I knew them. I would be more attentive to what Mrs. Barr suggested, and would study harder to make myself accomplished. Someway the thought that it was Irma Barton who had told me of Leola's fascinations, as well as of her faults, made her, Leola, seem more human than she had before. I would enjoy all I knew of the good in her, and forgive that it was thru her emotional temperament she had secured her own way with Everett.

But it is so easy to make good resolutions, especially when one is ill and remorseful and—a bit ashamed.

I really was ashamed. I had thought of reading Leola's letters as my right because I was Everett's wife. I was sure I never had had a letter he might not read. But as I lay quietly thinking things over, I saw I had been guilty of a mean, low action. I would not have dreamed of opening a letter that came for him thru the postman. Why should I think I had the right to read Leola's letters simply because he had opened them years before?

Everett had asked me if I wanted Mother sent for.

"No—it would only frighten her, and I am all right," I told him. Dove in my heart I knew if Mother came she would question me, and so find out how I came to burn myself.

"Just as you like, dear," he had replied, with the new gentleness he had shown me since the accident.

Walter Kemp had in some way heard I was ill, and had sent me a wonderful box of roses. A short note was tucked into the envelope which held his earnest wishes for my quick recovery. This time I let Betty put them in water, and laid the note where Everett might easily notice it.

"Who sent you the roses, dear?" he asked when he came in to see me before dinner. He had sent me some orchids earlier in the day.

"Mr. Kemp. There is a note from him on the table."

"Yes?" but he made no move to take it.

"Please read it," I said flushing.

"Thank you, Sandra, I will be glad

to. I wouldn't dreamed of looking at it without your permission." It was a rebuke, and I so understood it. I had meddled with letters addressed to him. He was too much of a gentleman to read a simple note addressed to me without my permission.

"It was kind in him to remember you dear. But as we can't receive him—rather, as you cannot unless I am at home, I would have preferred that he had not sent them."

"So would I," my answer surprised me more than it did Everett. I think I had felt sort of disgusted with myself ever since I had let his other roses fade because Leola had allowed those Everett sent her to wither for sentimental reasons. Then as I remembered them lying all crushed and wilted on the floor when I was carried to my room—the first thing I saw after I recovered from my faint—a revelation of feeling against the flowers caused me to add: "I am sure I never wanted them. The night I was hurt he sent me some, too."

"Yes, I saw them," Everett returned quietly. And as he kissed me before he went down to his dinner, I wondered whether there was anything he didn't see, and know.

Tomorrow—A Surprise.

TO FLOOD SHANTUNG WITH  
OPIUM.

Missionaries in China are reporting  
that one of the "business" reasons for  
Japan's desire for a chance to exploit  
Shantung is in the immense profits  
that the Japanese expect to make out  
of the opium traffic. The Japanese  
have long been smuggling opium into  
China, but now they want to extend  
the trade, especially in Shantung and  
outlying provinces. As things are now  
the Japanese open postoffices in every  
port in China, and they take extra-  
territorial privileges for all of these.  
In South China morphine is sold by  
Chinese peddlers, each one of whom is  
given a passport certifying that he is a  
native of Formosa and entitled to Japanese  
protection.

According to Rev. W. E. Macklin,  
missionary of the American Christian  
church at Nanking, Japan, has become  
a large purchaser in the Calcutta sale  
of Indian opium. Sold by the govern-  
ment of India, this opium is exported  
under permits applied for by the Japanese  
government, is shipped to Kobe,  
and from Kobe is transhipped to Tain-  
tao. Large profits are made in this  
trade, in which are interested some of  
the leading firms of Japan.

It must be emphasized that this  
opium is not imported into Japan. It  
is transhipped in Kobe harbor, from  
which point, assisted by the Japanese  
controlled railroad through Tsinanfu,  
it is smuggled into Shanghai and into  
the Yangtze valley. Two thousand  
chests are smuggled at a time, selling  
at \$20,000 each, or \$40,000,000. The  
Japanese authorities levy a tax upon  
this which does not appear in the es-  
timates, equivalent to \$5000 a chest,  
a total for 2000 chests of \$10,000,000. The  
customs where smuggling is done are  
wholly under Japanese control. More-  
over, Japanese military domination  
would forbid in both ports any inter-  
ference with the traffic in which the Japanese  
are interested, either officially or  
unofficially.

Under the ten-year arrangement with  
England in 1907, the Chinese cleared all  
their provinces of native opium in  
seven years, an then the Indian opium  
trade was supposedly stopped, but tac-  
tically smuggling still allowed, and now  
under Japanese domination, China must  
submit to the full reestablishment of  
this vile traffic.

When England was responsible for  
forcing opium on China, against the  
will of her government, we of the United  
States made frequent and stren-  
uous protests. Will do less now?

Germany has been claiming that the  
property of Americans in Roumania and  
elsewhere was respected by them dur-  
ing and after the war. But Attorney  
General Palmer let it out in a speech  
in Kansas City yesterday how the Ger-  
mans "respected" such property. They  
bought it and paid for it—with stage  
money.

The renomination, without opposi-  
tion, of Governor Coolidge of Massa-  
chusetts, shows what the people of the  
Bay State think of their executive's  
stand for the sovereignty of the com-  
monwealth in his recent dealings with  
the Boston police strikers.

To throw a dictionary at the presi-  
dent would be assault and battery,  
therefore Senator Lawrence Sherman  
picks out sharp words here and there  
and throws them a few at a time.

W. J. Bryan is opposed to near-beer  
and we believe he will come nearer re-  
ceiving unanimous support on that  
proposition than any he ever spon-  
sored.

Returned soldiers will tell you that  
one war is enough for one genera-  
tion.

Wonder what the profiteers do with  
all their swag?

Now let's make the world safe for  
the ultimate consumer.

DETAILS OF FIFTH  
GAME WORLD SERIES

(Continued from page one.)  
Liam's second pitch. Groh also hoisted  
to Felsch, the latter making an easy  
catch. Roush hit hard at Williams' first  
offering but did not connect. He struck  
also at the second ball but missed it.  
Roush lost control of his bat and it flew  
into the pitcher's box but he managed  
to hit the ball for foul. Roush reached  
first safely when his drive went  
through Risberg. The latter was charged  
with an error. Duncan up. Roush  
struck second. Schalk allowed the ball  
to get away from him and was charged  
with a passed ball also. Duncan ended  
the inning by popping an easy fly to  
Jackson.

No runs, no hits, one error.  
SOX.—Weaver up. Eller grabbed  
Weaver's tap and tossed to Daubert for  
the putout. Jackson went out the same  
way, Eller taking his slow grounder  
and throwing to Daubert. Felsch  
struck out. Eller was working in great  
form.

No runs, no hits, no errors.

## FIFTH INNING

REDS.—Kopf singled to left center. It  
was a drive that cleared over E. Collins  
head. Neal up. He attempted to sac-  
rifice but the ball bounded foul. Neale's  
second attempt likewise resulted in a  
failure. Neale forced Kopf at second.  
Risberg to E. Collins, but he arrived  
safe at first. Fariden up. Neale was  
out, stealing, Schalk making a beautiful  
peg to Risberg. The crowd applauded  
when an attempted to catch Rari-  
den's foul in a large megaphone. Rari-  
den fled out to Felsch.

No runs, one hit, no errors.

SOX.—Gandil up. Rath took Gandil,  
grounded and threw to Daubert, put-  
ting him out. Risberg sent a fast grass  
cutter to Groh, who threw him out at  
first. Schalk walked one and it went  
to Duncan but it was so fast that it was  
held to a single. Williams ended the  
inning by striking out, Eller's eighth  
strikeout victim.

No runs, one hit, no errors.

## SIXTH INNING

REDS.—Eller again got a great ova-  
tion when he walked to the plate. El-  
ler doubled to left center and took  
third when Felsch threw wild to third.  
It was a terrific drive that went clear  
to the fence. Rath up. Jackson and  
Felsch once again moved over to the  
left for Rath. Williams' fourth pitch  
tot Rath was way wide and almost got  
away from Schalk. Rath singled to  
right, scoring Eller. The Chicago in-  
field was playing in at the time. Dau-  
bert sacrificed, Weaver to Gandil, Rath  
going to second. The bunt was per-  
fectly laid. Groh up. Williams and  
Schalk both protested that the second  
pitch was a strike, but the umpire in-  
sisted that it was a ball. Williams lost  
temporary control and walked Groh.  
Roush sent a high fly that went to  
Felsch for a three base hit, scoring  
Rath and Groh. The play at the plate  
on Groh was very close and Schalk  
jumped up and dumped himself into  
Umpire Rieger. Rieger motioned  
Schalk to the bench and Lynn went in  
catch for Chicago. Felsch got his  
hands on Roush's fly but was running  
hard toward the fence and could not  
hold it. Duncan lifted to Jackson and  
Roush scored, the throw to the plate  
being wide. Duncan is credited with a  
sacrifice fly. Kopf ended the inning  
by popping a fly to Felsch.

Four runs, three hits, one error.

The Cincinnati rooters began to yell  
"One-two-three-four."

SOX.—Liebold up. Groh snatched  
Liebold's grounder and threw him out  
at first. Ed Collins up. Roush gath-  
ered in Collins' high fly. Weaver up.  
His grounder bounced into Kopf's  
hands and he was an easy out at first.

No runs, no hits, no errors.

## SEVENTH INNING

REDS.—Neale was out, E. Collins to  
Gandil. The grounder was hard hit,  
but Collins hauled it in nicely. Rari-  
den hoisted to Liebold. An easy fly. Eller  
struck out, Lynn dropping the ball but  
touching the batter as he left the plate.

No runs, no hits, no errors.

SOX.—Jackson up. Rath took his  
bouncer and got him at first. Felsch  
up. Rari- den caught Felsch's high foul  
near the Sox dugout. Gandil flew out  
to Roush. It was an easy putout.

No runs, no hits, no errors.

Eller seemed to have the Sox at his  
game of ball.

## EIGHTH INNING

REDS.—Rath bunted the first ball  
pitched but it rolled foul. He popped  
out to Jackson, who was waiting for it  
in short left field. Groh put up a high  
fly that Felsch took right in back of  
second base.

No runs, no hits, no errors.

Williams seemed to have steadied  
down and also was pitching well at this  
 juncture.

SOX.—Risberg up. Neale came in  
and captured Risberg's fly. Lynn up.  
Duncan caught Lynn's high fly near  
the foul line. Murphy batted for Wil-  
liams. Murphy fanned, striking at the  
third one.

No runs, no hits, no errors.

## NINTH INNING

REDS.—Mayer went to the pitching  
mound for Chicago. Roush up. Ed  
die Collins fumbled Roush's grounder  
and he reached first safely. Duncan  
walked, Roush trotting to second.  
Mayer seemed very wild. Kopf up.  
Lowdermilk began to warm up for  
Chicago. Kopf bunting for a sacrifice.  
Weaver to Gandil, Roush taking third  
and Duncan second. Neale up. Roush  
scored on Neale's out, Risberg to Gan-  
dil, Duncan going to third. Rari- den  
out, E. Collins to Gandil.

One run, no hits, one error.

SOX.—Liebold up. Rath home in  
fast and threw out Liebold. E. Collins  
out, Kopf to Daubert. Weaver tripled  
to right center. Kopf threw Jackson  
out at first.

No runs, one hit, no errors.

CAPACITY HOUSE  
EXPECTED AT BIG  
MATCH THIS EVEN

The indications are for a capacity au-  
dience at the wrestling match at Moose  
hall at 8 o'clock this evening when Dan  
Wolfe of this city will attempt to take  
the title of champion welterweight  
wrestler of the state from Joe Risberg,  
of Galesburg. The dope from the  
camps of both wrestlers is that the  
principals in the big bout of the eve-  
ning are in the best of condition, and  
supreme confidence is expressed by  
each. There will be several lively pre-  
liminary matches before the main event,  
which is to be to a finish, two falls  
out of three.

DOMER PRAISES DAN  
WOLFE'S CONDITION

Floyd Domer, champion wrestler and  
critic on training and wrestling, after  
watching Dan Wolfe of this city at  
work, said the local boy is in wonderful  
condition and should win easily if he  
can keep away from Risberg's double  
wrist lock in their bout at Moose hall  
tonight. Domer said that Dixon peo-  
ple did not seem to realize fully what  
a dandy wrestler they had in their  
midst and says they should turn out in  
large numbers and give Wolfe the sup-  
port which would make him feel he is  
appreciated and thereby put heart into  
him in his battle for the welter weight  
championship of the state.

SUNDAY FOOT BALL  
GAME AT R. ISLAND

By Associated Press Leased Wire  
Rock Island, Ill., Oct. 6.—Rock Is-  
land Independents gained an easy vic-  
tory over the highly reputed Hamburg  
A. C. team of Chicago here yesterday  
afternoon by score, 21 to 0, the visitors  
succeeding in making first down only  
once. Feature of the game was the  
offensive work of Tom Henry former  
Louisiana University star who scored  
two touch-downs on long runs.

WET GROUNDS; NO  
GAME HERE SUNDAY

The severe rain of Saturday night  
and Sunday morning soaked the dia-  
mond at Brown Field so thoroughly  
that the proposed ball game between  
the Dixon Browns and the Deer Grove  
team, scheduled for yesterday after-  
noon, in which it had been hoped to de-  
cide the tie of a week ago, was impos-  
sible. It is probable the contest will be  
played next Sunday.

MOLINE HIGH GAVE  
STERLING TRIMMING

Sterling High school foot ball team  
was given a healthy trimming Satur-  
day afternoon before a large crowd of  
home boosters when the Moline High  
school aggregation piled up a score of  
34 and kept the Sterling boys from  
crossing their line. Sterling plays Dix-  
on in the near future.

CLINTON HIGH WAS  
VICTORIOUS IN GAME

The Dixon High school foot ball team  
was defeated 7 to 0 by the Clinton, Ia.  
High school team at the country club  
grounds here Saturday afternoon in a  
contest that was replete with good play-  
ing and in which the Dixon aggregation  
showed wonderful improvement over its  
showing of the week before.

PURE BRED HOG SALE  
IS LARGELY ATTENDED

The sale of Poland China hogs, held  
at the sale pavilion in Dementtown on  
Saturday afternoon by the Hill Den  
Parks, was very largely attended and  
some of the pure bred stock offered for  
sale brought a big price, the average  
price for the 46 head being \$260. The  
highest price paid was for a boar, pur-  
chased by Glenn Palmer of Yorkville  
for the sum of \$1000.

2,000 Pennsylvania  
Coal Miners Strike

By Associated Press Leased Wire  
Johnstown, Pa., Oct. 6.—Two thou-  
sand miners employed in twenty-six in-  
dependent coal mines of this district  
went on strike today in accordance  
with instructions issued yesterday by  
union officials. The strike is said to  
have been called because the majority  
of the mine operators refused to sign  
the union scale.

COUNTY COMMITTEE  
WILL MEET THURSDAY

A meeting of the county committee  
which will direct the drive for the Jew-  
ish War Relief fund, the names of  
which committee were published in The  
Telegraph last week, will be held at  
the court house here at 2:30 o'clock  
Thursday afternoon, and will be ad-  
dressed by Judge Pam, of Chicago. At  
that time details for the work will be  
outlined.

Lt. Downing has received his final dis-  
charge from the army. A fine posi-  
tion awaits him when he returns.

SOX FANS REMEMBER  
CUB SERIES OF FEW  
YEARS AGO, HOPEFUL

Are Not Discouraged, Al-  
though Reds Have 3  
to 1 Edge.

By Associated Press Leased Wire

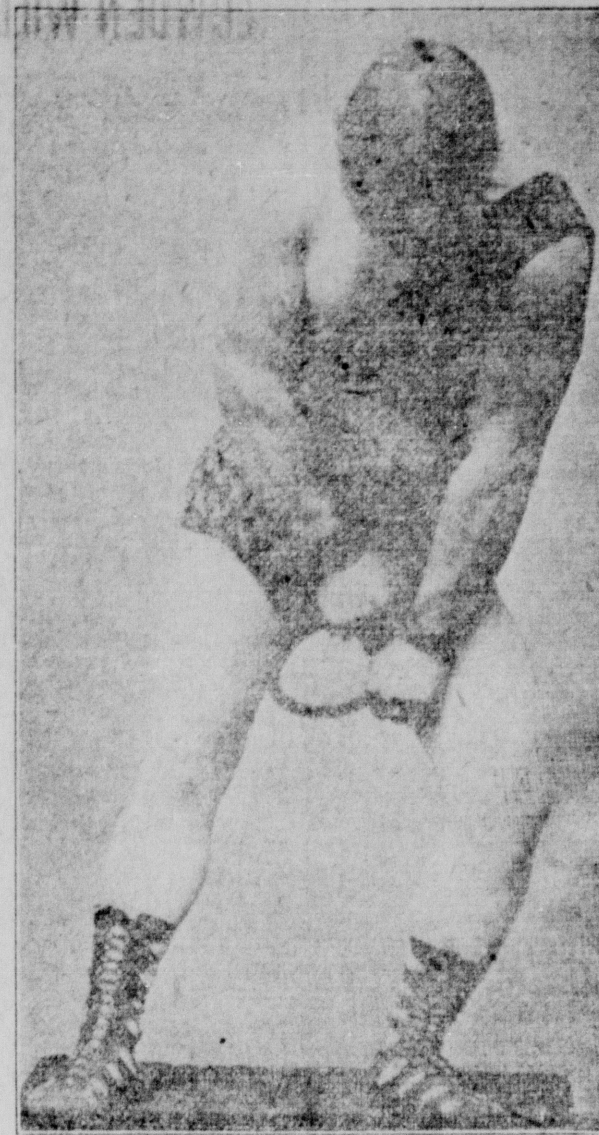

Chicago, Oct. 6.—Victorious in three  
of the first four world's series games,  
the Cincinnati Reds were out today to  
bag the fifth contest of the series post-  
poned when a downpour of rain, setting  
in late Saturday night, soaked Comis-  
way Field to such an extent that play-  
ing was impossible.

Pitching selections for the battle this  
afternoon were shrouded in uncertain-  
ty, but so far as indications from the  
Sox camp could be discovered, Man-  
ager Gleason's selection was to be  
Claude "Lefty" Williams who was beat-  
en in the second of the series at Cin-  
cinnati, 4 to 2. Williams, it was figured  
had had enough rest since pitching at  
his best. But it is possible that Man-  
ager Gleason may make a last minute  
switch in the plans and send "Big Bill"  
James into the fray in an effort to stop  
the Reds.

Manager Moran's pitching choice  
seemed to lie between "Hod" Eller, who  
has been held in reserve, and Walter  
Ruehrer, who beat the Sox in the open-  
er at Cincinnati. Ruehrer is the gen-  
eral choice of the experts because of the  
sensational game twirled when the series  
opened. There was a strong possibil-  
ity, however, that Manager Moran  
might decide to use Eller as the Reds  
have a three game lead, and if defeat  
threatened, Ruehrer could be rushed in  
to the game.

Rain Blessing to Sox

Loyal supporters of the Sox figured  
today that the rain yesterday was a  
"blessing in disguise" as the lay off  
gave the men of Gleason a chance to  
rest and plan a new line of attack. Al-  
though the Sox are fighting with their  
backs to the wall, they are not discour-  
aged. They have faced more desperate  
situations than the present one and  
came through with a rush. Admirers

of the Sox recalled that in a city series  
with the Cubs they were counted down  
and out, only to survive and nose out  
the National Leaguers.

August Herrmann, president of the  
Cincinnati Club, was flooded today with  
telegrams of encouragement from Cin-  
cinnati fans, who are convinced that  
the series will end tomorrow with their  
favorites in possession of the world's  
championship.

One Factory to Close  
"One firm in Cincinnati telegraphed  
me for 3,000 tickets for its employees to  
the game to be played at home Tues-  
day," President Herrman said. "They  
intend to close up shop, allowing the  
employees to attend the game as the

ghosts of the firm. I hope that a sev-  
enth game won't be necessary and it  
doesn't look like it at present."

Although the Sox have made a disap-  
pointing showing in the series, there  
has been no falling off in interest.  
Thousands of persons visited the park  
yesterday hoping that the game would  
be played, while newspaper offices and  
baseball headquarters were deluged  
with thousands of telephone calls re-  
garding the prospects for playing the  
contest. Tickets are in as great a de-  
mand as ever and scalpers, with choice  
box seats in their possession, are ask-  
ing \$10 for a seat costing \$5.50.

shakeup as a result of Cincinnati's

Massacre of Whites.

By Associated Press Leased Wire

Elaine, Ark., Oct. 6.—Discovery of  
what is believed to have been a wide-  
spread plot on the part of organized  
negroes for a general killing of whites  
in this locality and possibly in other  
parts of the south, led officials today to  
tighten up on emergency measures and  
redouble their efforts to apprehend the  
leaders of the alleged organization who  
are still uncaught.

The existence of the supposed con-  
spiracy was brought to light by the  
committee of seven appointed by civil  
and military authorities following the  
race disorders here last week.

According to committee members the  
negro captives on questioning readily  
revealed the inner workings of the  
plan. Today, Oct. 6, the negroes de-  
clared was the date set for the uprising.  
Women are said to have been members  
of the organization which authorities  
say, was known as the Progressive Far-  
mers and Household Union of America.

we are showing bedroom furniture that is so delightfully  
charming in style quality and finish, we are indeed PLEASED  
that you ARE really PARTICULAR about making a choice.

In our west windows you'll see one of the most desirable  
chamber outfits it has been our privilege to offer in many a  
day—it is WALNUT—and by that we MEAN walnut—every BIT of it is REAL wal-  
nut, posts and mirror frames of SOLID walnut, ends, fronts, tops ALL walnut—no  
mixture of gum or birch or maple—it's really the sort of furniture you can pass on  
down as "HEIRLOOM" furniture.

It was one of the most beautifully designed outfits on display at the Grand Rapids mar-

## TROOPS PATROL GARY AS RIOTS WERE RESUMED

### Serious Disorders Broke Forth in Big Steel Center.

By Associated Press Leased Wire  
Chicago, Oct. 6.—State troops today patrolled the Indiana zone of the Chicago steel strike district and as a result law and order prevailed. Twelve companies of Indiana militia were on duty at Gary, Indiana Harbor and East Chicago, Ind., as the situation continued tense following the rioting at these points Saturday and Sunday. Although union pickets were out in large numbers and exceedingly active they made no attempt to interfere with men returning to work. The soldiers were instructed to prevent strikers from congregating on the streets and the orders were enforced.

The steel plants at Gary, Indiana Harbor, East Chicago and Hammond, Ind., continued to operate with reduced forces although the number of strikers returning to work appeared to be smaller than on previous days. Officials of the Indiana militia claimed to be operating on a basis of 25 to 75 per cent capacity although the accuracy of this statement was disputed by the labor leaders. At Waukegan, South Chicago and Joliet the mills continued running but with slightly smaller forces than last week it was said.

By Associated Press Leased Wire  
Gary, Ind., Oct. 6.—State troops today patrolled the avenues leading to steel plants and parts of the city where disorders were liable to develop. Four companies have been brought here late last night from Indiana Harbor and East Chicago, Ind., where twelve companies were quartered, after rioting was resumed here by strike sympathizers.

Late at night hundreds of strikers began to congregate before the gates of the United States Steel Corporation plant and the mill of the American Sheet and Tin Plate company. Police and special deputies clashed with the crowd of strikers and many bricks and stones were thrown. Finally the situation became so threatening that Mayor William F. Hodges called on Adjutant General Harry B. Smith of Indiana, who is in command of the troops ordered out Saturday night, to send several companies of soldiers as he believed affairs had got beyond control of the police.

While the troops were on the way there in street cars, the police succeeded in dispersing the crowds after using their clubs freely and making more than a dozen arrests. Maj. Lauden M. Harriman, pastor of the Second Presbyterian Church in Indianapolis, who is in command of the battalion sent here reported to Mayor Hodges and after a brief conference the guardsmen were distributed at various points where it was believed disorders might occur.

**Steel Foreman Shot**  
Klem D. Dunes, a foreman for the United States Steel corporation was shot and seriously injured early this morning while standing in his own doorway. It was not known whether the shot was purposely fired or whether the wound resulted from a stray bullet, although two shots were fired at several members of the citizen's police when they drove a crowd from the vicinity of the Dunes home. No one was hit however.

Adjutant General Smith today said he intended to preserve order in Gary, Indiana Harbor and East Chicago, Ind., even if he had to call out every unit of state troops and then request federal troops which he said Secretary of War Baker had promised to send, if it became necessary.

"I have orders from Gov. Goodrich to protect men who may desire to return to work, to protect the industrial plants and above all to keep the peace. If necessary to declare martial law, this will be done."

**ATTEMPT TO OPEN**  
By Associated Press Leased Wire  
Chicago, Oct. 6.—Clashes between strike sympathizers and the police and special deputies during the last 26 hours in the Chicago district, did not deter heads of steel mills from attempting to start additional plants today, the beginning of the third week of the walkout. Company officials claimed they had assurance that large numbers of men who have been on strike for two weeks would return to work during the day and that many plants which have been idle for two weeks would begin operations.

Union leaders increased their picket lines early today in an effort to prevent desertions and asserted that they looked for no material reduction in their ranks. John Fitzpatrick, chairman of the national committee conducting the strike, who planned to leave for Washington tonight to confer with heads of the American Federation of Labor, said many members were being taken into the union every day.

**Had to Call Troops**  
The rioting by strike sympathizers in the Calumet district which includes Gary, Indiana Harbor, and East Chicago, Ind., and South Chicago, Ill., while being put under control by the police resulted in calling out of twelve companies of the Indiana national guardsmen, who today were prepared to suppress any further disorders at those places. Many clashes took place with the police, but only a few shots were fired during the two nights. One man was wounded at Gary.

At Waukegan, Ill., additional deputies were put on duty early today where officials of the American Steel and Wire company announced that hundreds of men would return to work.

**EXPECT CHANGE TODAY.**  
Pittsburgh, Oct. 6.—An effort by employers to open additional plants in the Pittsburgh district today marked the beginning of the third week of the steel workers strike. Representatives of the steel companies say that hundreds of men returned to work in the mills last week and they declare that sufficient workers will desert the strikers' ranks today to assure the re-open-

ing of plants which have been tied up by the walkout.

**Unions Predict Failure.**  
Union leaders were emphatic in their declarations that plans of the employers to start operations in the mills will fail. They say that the strikers will stay out and that the end of the day will show few if any of them back on the job.

Heavy rain fell during the morning. All was quiet throughout the district. Hundreds of deputy sheriffs, mill guards and police patrolled the streets as the various plants.

**MORE TIN WORKERS BACK.**  
By Associated Press Leased Wire  
Baltimore, Md., Oct. 6.—The management of the Sparrows Point branch of the Bethlehem Steel Corporation reported accessions to the number of tin-plate workers at work today and declared that the indication were that the tin-plate production of the mill would be back to normal in a few days.

**WEIRTON MILLS OPEN.**  
By Associated Press Leased Wire  
Steubenville, Ohio, Oct. 6.—The mills of the Weirton Steel company at Weirton, W. V., closed down last week, resumed operations today and are operating 50 per cent according to John C. Williams, the company general manager.

**LITTLE CHANGE NOTED.**  
By Associated Press Leased Wire  
Youngstown, O., Oct. 6.—Apart from a slight increase in the number of men entering the Youngstown Sheet & Tube company plant early today, there was no change as the third week of the steel strike began here today.

The Carnegie Steel company, now has 1100 men at work out of a normal 6,000 and the Youngstown Sheet & Tube Co. about 700 against a normal 15,000. These men are employed chiefly in repair and upkeep work. The Valley remains quiet and orderly and the strikers are holding firm.

**GARY IS QUIETER**  
By Associated Press Leased Wire  
Gary, Ind., Oct. 6.—Although many union pickets were on duty today they made no effort to stop men going to work. The soldiers refused to permit strikers to congregate on the streets and as a result the thoroughfares presented a peaceful appearance.

A few strikers returned to work at the Indiana Steel company, and the American Sheet and Tin Plate company's plant, a majority being laborers. A large majority of the skilled workmen appear to be standing firm. Both plants continued to operate units in a number of departments with reduced forces.

**CLASH IN CHICAGO**  
By Associated Press Leased Wire  
Chicago, Oct. 6.—Union pickets clashed with a squad of mounted police at the Illinois Steel company plant today. One union man was arrested and a score driven away after they had attempted to intimidate strikers returning to work. Officials of the company said several hundred strikers went back to the mills today and that a force of about 5,000 is now employed in the various departments being operated. Nearly 1,000 deputy sheriffs and policemen are patrolling the streets in the vicinity of the plant.

**AT INDIANA HARBOR**  
Indiana Harbor, Ind., Oct. 6.—Several thousand men reported for work today at the Inland Steel company and the Mark Manufacturing company and both plants were said to be operating with about 50 per cent of their regular force.

The Universal Portland Cement plant at Buffington, Ind., also continued to operate with a reduced force. Seven hundred soldiers and hundreds of deputy sheriffs guarded the company's property and no disturbances of any kind were reported.

Hundreds of union pickets were on duty but they made an attempt to interfere with men returning to work.

**WAUKEGAN IS QUIET**  
By Associated Press Leased Wire  
Waukegan, Ill., Oct. 6.—Only a few strikers returned to work at the plant of the American Steel and Wire company today. The company has about 450 men employed and is operating in several departments on a limited basis. No disorder was reported.

## LOWDEN WILL HAVE SOLID DELEGATION FROM THIS STATE

### All Illinois Delegates to Back Lowden for President to Finish.

E. O. Phillips, political writer for the Chicago Tribune, has the following to say regarding the presidential candidacy of Gov. Lowden of Illinois:

Illinois will send to next year's Republican national convention a delegation of fifty-eight instructed for Gov. Lowden for the nomination for president. The governor, as political affairs now stand, will be the only presidential candidate whose name will be entered in the direct presidential preference primary on April 13.

In the fifteen downstate congressional districts Gov. Lowden's own friends, quite probably, will name the delegates, but will send men to the national convention who will stand, cordially and steadfastly, for the governor as long as he is a candidate.

The latter proposition forms the basis of the peace terms suggested as a working program for Republican harmony in Chicago for the state and county campaign of the presidential year.

**Aid Lowden, First Aim**  
Gov. Lowden's intimate advisers are proceeding actively in Illinois and other states upon the theory that the Illinois executive is as nearly a candidate for the presidency as a man may be who does not definitely say that he is out for the nomination.

The outstanding development of the last week in Illinois politics was the protocol agreed to by authorized spokesmen for the three fighting Chicago factions preceding Thursday's judicial convention. At the preliminary conference the decision was unanimous that the first result to be accomplished in establishing party peace is to go through with the quite apparent sentiment among the voters of the state to do everything possible to nominate Gov. Lowden for the presidency.

**All Factions Line Up**  
The Deneen faction was willing to go on a record vote for Lowden for president at the county convention, and so was the Brundage representation. The city hall, while not bumbling over with enthusiasm, would have given its assent. Gov. Lowden had not member of the peace conference to act as his spokesman, and it was a question of policy as to whether the moment were opportune to start the Lowden boom at that time, under official auspices, so the matter was not taken to the floor of the convention.

It is well understood, however, that the three factions, which will be fighting for their own lives at the same primary at which national delegates are to be elected, will agree to a complete slate of Lowden delegates and alternates in the ten Cook county districts and that no fight will be made against the slate.

**How Factions Will Act**  
Upon the basis of the present alignment of county committee members, this arrangement means probably that the Deneen men will name the national convention delegates in the Second, Third and Seventh congressional districts; that the Brundage wing will choose the state candidates in the Sixth, Ninth and Tenth districts, while the city hall will have the say in the First, Fifth and Eighth districts, with a Deneen-Thompson split in the Fourth.

Under the new Illinois primary law the eight delegates at large from the state do not run in the direct primary, as was the case in 1916, but will be elected by the Republican state convention in May.

**Field to Lowden Alone**  
Gov. Lowden's name, it is now believed, will be the only one entered for the direct preference primary in Illinois. The precedent has been est-

## M'CUMBER SAYS SIX VOTE TALK IS DECEPTION

### Rep. Senator Attacks Johnson Amendment to League.

By Associated Press Leased Wire  
Washington, Oct. 6.—Denying that Great Britain and her colonies would have six votes in the league of nations to one for the United States, Senator McCumber, republican, North Dakota, charged in the senate today that senators advocating the amendment by Senator Johnson, republican, California, proposing to limit the voting power of the British colonies were fanning popular prejudice with an unfounded appeal.

"Senators who in private conversation would never dream of attempting to deceive one another," said Senator McCumber, "seem unable to resist the temptation to take advantage of a prejudice created by this deception, and, with studied avoidance of the real and full truth, give this prejudice another boost."

**Offers a Substitute.**  
As a substitute for the Johnson amendment, Senator McCumber urged his proposed reservation to exclude British colonies from participating in the league in disputes involving the Mother country or each other.

"Almost every argument made on the floor of the senate," said Senator McCumber, "an every one without exception made to the public by Senators opposed to any league of nations, has given the impression to the people of the world that the council or assembly, as the case might be, is a sort of court or tribunal that decides the disputes between nations, and it is because of these misstatements of the facts and the misapprehension of many of our people arising therefrom, that the ground is made fertile for the development of about all the animosities towards this league and especially towards the claimed voting power of Great Britain."

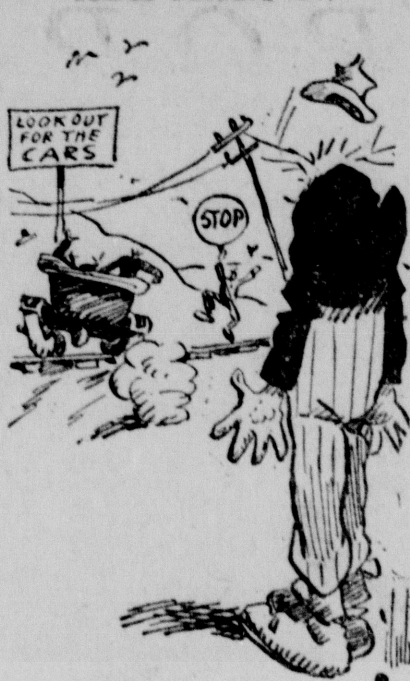

"I wish the public could just once fully understand, first, that not one case of dispute out of a hundred would ever go to the council or assembly; second, that even if all other efforts provided for the settlement of disputes should fail, the only thing submitted to the council or assembly is the right to investigate and report the facts to the public."

**Argument "Absurd."**  
Senator McCumber said the argument of Senator Johnson and other supporters of the Johnson amendment was "too absurd to be true" and asked why France, Italy and other nations did not raise objections to "putting their heads in the lion's mouth."

**"Not Arbitration Board."**  
The North Dakota senator said, "the real facts" regarding the league were: "That neither the council nor assembly is a board of arbitration. That neither of them decides international disputes at all. That the only jurisdiction which the council or assembly have over a dispute between nations is the right to investigate and report what the true facts are, and make recommendations. That a dispute with a part of a nation or empire is a dispute with the whole."

Established in direct primary states that presidential candidates, by courtesy or for practical reasons, stay out of the some state of an opponent. Scouts for candidates other than Gov. Lowden, after making a circuit of Illinois, have reported back that there is no chance for any other possibility to make a deal in the Illinois popular vote against Lowden.

whole."

"Great Britain cannot and will not control the vote of Canada."

Senator McCumber said: "I would like to put this question straight to the American people: Has not Canada, a fully governing, independent dominion, earned by her sacrifices in blood and treasure through four years of this bloody war, a right to a seat in the assembly that would give her voice an effect equal to Haiti, Honduras, Liberia, Nicaragua, Panama, Peru, Salvador or Venezuela?"

## COATSVILLE STRIKE OVER.

By Associated Press Leased Wire  
Coatsville, Pa., Oct. 6.—The steel strike in Coatsville is ended. The strike leaders this morning advised those men still out to hunt for other jobs and to go to work.

When the strike began two weeks ago, 1,700 of the between 5,000 and 6,000 men employed by the Coatsville branch of the Midvale Steel company and the Lukens Steel company, quit work. The number of strikers dwindled each day until today there were about 300 still out.

### PLANT RESUMES WORK.

## WHY THE NAME "COPPER-CLAD"

Because THE COPPER-CLAD RANGE is Clad with a Sheet of Pure Copper Where Other Ranges Rust Out

This set of Aluminum Ware given away free to all purchasers of Copper-Clad Ranges during our Demonstration Week, October 6 to 11.

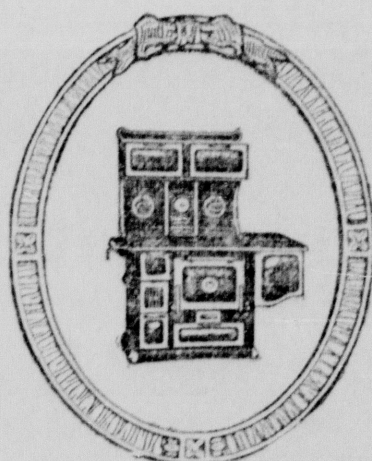

The Copper-Clad is a Plain Range. It is smooth like a dish. It has no rivet and bolt heads on the nickel. It has no hinges, catches or latches on the outside. They are all inside like an automobile body.

The ebonized iron is framed with a silvery nickel, making it the most beautiful range in the world. The ebonized iron never cracks, peels or discolors. It wipes clean like a dish.

The best thing about a Copper-Clad is that it outlasts any range, because lined with pure sheet copper where other ranges rust out. Between the sweaty asbestos and range body or outer casing is a sheet of copper that keeps the body perfectly dry and free of internal rust.

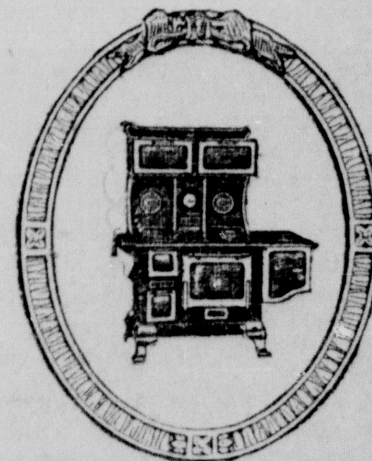

No other range has this feature. Some plate the inside linings—next to the heat, but that can not stop the sweat. It's got to be between the asbestos and the body.

If the Copper isn't between the Sweaty Asbestos and outer casing it is NOT a Copper Clad

The Copper-Clad Range has four walls and an air space like Thermos bottle.

Then the name Copper-Clad means something to you. It means a range clad with pure copper where other ranges rust out.

## TERROR REIGNS IN MINING DISTRICTS

MINERS IN POLAND SUFFERING TERRIBLE HARDSHIPS, ACCORDING TO AMERICAN JEWISH RELIEF WORKERS.

### BOISHEVISTS ARE BLAMED

Among the Poorer Classes at Least One-Third of Children and Larger Proportion of Women Are Without Shoes or Sufficient Clothing, Workers Report.

The miners in the great ore districts of Dombrowna, Bendzin, Sosnowice, Czenstochowa and Lodz are suffering terrible hardships from the war and the bolshevist upheavals in Poland, according to reports that have just reached the American Jewish Relief committee. The mines have been disabled and shut down by the same economic disturbances that have destroyed the great textile industries of the country, these reports state, and the resultant lack of work has launched the mining districts into a veritable reign of horror from poverty and disease.

Conditions among the Jews, who as a class have been hardest hit by the economic stoppage, are described as unbelievably bad by the Jewish relief workers there.

"Among the poorer classes in the mining district," writes a Jewish relief worker, "at least one-third of the children and a larger proportion of the women are without shoes or covering of any kind for the feet. They have been in this condition throughout the year and the same situation appears inevitable again during the winter which is fast approaching.

"Hospitals are in a desperate state. In one such institution at Czenstochowa the building was literally overflowing with sick, due to the unsanitary and abnormal living conditions. Patients were packed together as closely as possible on the floor, as there were not beds enough to accommodate them. The patients were dressed in torn and worn-out rags which had been mended and remended. The only bandages that were available for dressings were made by tearing strips out of the shirts and clothing that the inmates could no longer wear. The doctors working in the operating rooms were wearing aprons made by sewing napkins together.

"The great shortage of cotton for underwear has led to very unsatisfactory health conditions. The people of the mining towns of Dombrowna and Czenstochowa are suffering from an uncontrollable epidemic of typhus due largely to a lack of proper underwear. Among the families of the poor miners exposure without sufficient clothing and shoes has brought on consumption to such a fatal degree that more than half the deaths in some districts are due to this disease."

The American Jewish Relief committee is going to the aid of these sufferers with a relief fund of \$35,000,000. Illinois will contribute \$1,500,000 of this amount in a drive to be conducted October 26 to November 1.

#### Rare Book's Price.

Collectors of rare books and manuscripts were very much interested in the announcement that a first edition of Shakespeare's works, published in 1623, was sold at auction in London a few weeks ago for 1,150 pounds sterling. The volume is said to be in excellent condition, though the binding is considerably worn.

This costly book has increased in price by bounds. At the beginning of the eighteenth century the volume was bought for five pounds from a book dealer. In 1800 it was valued at fifty pounds, and in the year 1890 240 pounds was paid for it. This was a record price until 1899, when its value again increased. The indications are that with the years the price of 1,150 pounds will again be advanced, as the value of the volume will be more and more enhanced as time passes.

#### Good Slogan.

An imposing cemetery was opened in a young and thriving town in the Middle West. The mayor, who had charge of the laying out of the grounds, was puzzled for an appropriate inscription to be placed over the gate. Riding along in his car one day he was cogitating over different holy texts, which were not entirely satisfactory; so he explained his difficulty to his chauffeur, an intensely practical man. Without hesitation the chauffeur suggested:

"We have come to stay."—Harper's Magazine.

#### Choice of Voices.

Edith—Mr. Boreleigh? Oh, dear! I'll have Ninette tell him I'm out.

Alice—Won't the still, small voice reproach you?

Edith—Maybe, but I'd much rather hear the still, small voice than Mr. Boreleigh's.—Boston Evening Transcript.

#### Sad Blow to Pride.

"Mr. and Mrs. Whiffer put on a great many airs since they have returned from Europe."

"Yes, they do, but while they were away several people mistook the caretaker and his wife for Mr. and Mrs. Whiffer."—Brooklyn Citizen.

## STARVING JEWS STUDY TALMUD

War, and constant fear, and widespread disease, and general starvation have not been enough to make the unfortunate Jews of Poland and the rest of eastern Europe forsake their ancient love of education and orthodox religious training, according to Sholom Asch, the Yiddish poet, who recently returned to America after several months in eastern Europe, as a commissioner for American Jewish relief agencies.

Jewish schools are still in operation in towns where the children have had no food for two days. Ragged and hungry little boys, barefooted or with their feet wrapped in old rags, whose one meal of the day is the cup of soup that they get from American relief workers, bend their heads over the Talmud in every little town in Poland. Returning refugees hunt a place for a synagogue and some kind of a school for their children, before they so much as find a roof to sleep under, according to Mr. Asch.

"Neither the epidemics of war, nor the ever-present fear of pogroms, nor the pangs of hunger have so far been able to break the Jewish spirit, or to extinguish the light of Jewish faith," Mr. Asch declared, upon his return. "Not only did the rabbis and the heads of the great synagogues of Telz, Slobodki, Kovno, and other places in eastern Europe, at once reopen their schools and resume teaching, when they returned from exile, but in every little town to which the Jews returned, their first concern was for the education of their children.

Nor are the myriads of orphans forgotten. Thousands of these youngsters live and sleep on the streets. There are 75,000 of them in eastern Europe now, a number far greater than the established Jewish orphanages are able to care for. In Poland alone there are 800,000 Jewish youngsters whose destitute parents are unable to feed them, and who depend upon American Jewish relief

agencies for the veriest necessities of life.

Louis Marshall is the chairman of the American Jewish Relief Committee, the largest and most important Jewish relief organization in the United States, which is asking a total of \$35,000,000 in order to look after these children, as well as the starving Jewish elders in eastern Europe, during the coming year. Other prominent Jews of the committee are Jacob H. Schiff, Nathan Straus, Judge Julian W. Mack, Felix M. Warburg, Cyrus L. Sulzberger, Arthur Lehman, all of New York; Dr. Cyrus Adler and Jacob D. Lit of Philadelphia, and Julius Rosenwald of Chicago.

## PURCELL COULD NOT HAVE TIED HIMSELF AFTER TAKING DOPE

(Continued from page one.)

ness deal and social affair investigated with renewed vigor.

#### Finances May Yield Clue.

It is in Purcell's financial affairs that the authorities expect the telltale clue to be found.

Although the dead man was rated as worth \$60,000 in cash and Liberty bonds alone shortly before his death, only \$55 in currency was found, the bonds could not be located, and the only apparent sign of wealth was a \$13,000 equity in the building in which he lived.

His financial condition may show a logical motive for either murder or suicide, it is expected.

Presuming against the logic of the coroner's and the state's attorney's detectives that Purcell might have been driven to suicide by monetary losses, or in hope of giving his family the benefit of his insurance, much of which was contestable in event of suicide, the presence of a second or third person in the room where his death occurred is indisputable.

Even had he been able to tie himself as he was found, the killing qualities of the large quantity of the poison found in his system would have given him insufficient time to arrange the ropes.

When Purcell's body was found, the janitor of the apartment building noticed a key sticking from the outside kitchen door. This proved to be a skeleton key of the variety which can be purchased at any five and ten cent store. Sergis, Mallow and Cudmore declared last night that Mrs. Lovie Purcell, E. H. Purcell's widow, had identified the key as one which always had been in the door.

#### New Flaw Develops.

During a conversation with two investigators a week later, the key was produced by members of the family, who stated no one around the house ever had seen it before, and that the police had been told of it and had paid no attention.

The janitor of the apartment house, his wife, and neighbors were unable to identify it and the police are now trying to find who owned the key.

At the same time the investigators were told by members of the family that E. H. Purcell, on the Saturday before his death, had stored up with the usual amount of groceries for his Sunday meals.

Yesterday George Popp, a grocer at 3356 North Halsted street, declared that while the elder Purcell had purchased

groceries almost daily at his store during the time Mrs. Purcell was absent, he had failed to come to the store that Saturday. Purcell always had paid for the food with checks, he said.

## POLISH ORPHANS STUNG BY FROST

Thousands Go Stockingless Throughout Winter Months, Says American Jewish Relief Worker.

New York. (Special Correspondence) —In Paris, reports say, the women go stockingless from choice. In Poland thousands of men, women and children go stockingless—and shoeless—from necessity. As Poland's climate is more rigorous than that of France, what is only "smart" in Paris snuffs in Poland. This shockingly barefoot state in the new Polish state has just been reported to the American Jewish Relief committee by Frank W. American, an American Red Cross representative stationed in Warsaw, who recently made a trip of inspection throughout the Pisk region.

"In a whole day's travel," writes Mr. American, "we did not see a cow, nor did we pass a horse or dog. The peasant refugees who did have a cart full of meager household goods hauled it themselves. On one stretch of road

ONE OF POLAND'S BAREFOOT YOUNGSTERS.

With shoes all but an unknown luxury, thousands of children in Poland are forced to go barefoot the year round, according to reports of American Jewish relief workers. This picture was taken in the late winter with the thermometer not far above freezing.

We saw an unusually large number of refugees barefooted. Then we noticed that they were carrying their boots under their arms. They were saving them for the colder days when there was snow and slush under foot."

Shoes, according to Isidore Herschfeld, a prominent lawyer of this city, have been all but an unknown luxury in Poland for at least two years. Mr. Herschfeld has made two trips to Poland in that period. He is now preparing to sail again for Warsaw, where he

will supervise the disbursing of funds and the distribution of supplies to be provided from the \$35,000,000 total being raised this year in this and other states by the American Jewish Relief committee.

"Last winter," states Mr. Herschfeld, "it was a common sight to see men, women and children barefoot in Warsaw and other Polish cities which I visited. Snow or slush was often under foot, and the suffering among the poorer Jewish classes that resulted from the dearth of shoes was terrible. Families remained indoors as much as possible, but hunger forced them to go out from time to time to seek food at Jewish relief stations."

Quantity shipments of shoes, stockings, warm underwear and other essential wearing apparel will be made possible by the \$1,500,000 to be sought in the Illinois Jewish Relief campaign scheduled for October 26-November 1.

**Foolish Old Customs Survive.**  
St. Olav's Grammar school, once worth \$150, is now valued at \$25,000. The rent is still a bunch of roses. The ancient city of Chichester must provide a string for the king's "cross bow," while the lord of Bryanston, in Dorset, must provide a boy with a stringless bow and unfeathered arrow, whenever the king makes war on Wales. The tenant at Bradley, Great Wood, near Grimsby, must pay the mayor of Grimsby a wild boar, or its equivalent in cash, yearly.—London Times.

### Worth More Than That Now.

On June 20, in 1632, the patent of Maryland, granted to George Calvert, Lord Baltimore, was after his death made over to his son, Cecilus Calvert. King Charles signed the new patent and gave to the grant of land the name of Maryland, in honor of his queen, Henrietta Maria. While Lord Baltimore held the grant he paid for it yearly to the crown of England two Indian arrows, which are still on exhibition at Windsor castle, England.

**Unmistakable Signs.**  
Charles was looking through the hedge at the new neighbors who had just moved into the house next door. Suddenly he turned and ran in to his mother and said: "I bet the kid that's moved next door is a good sport, all right. He has freckles and has his big toe done up in a rag."

## SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

## CAST-OFF SUIT SELLS AT \$1,000

SPEAKING OF THE H. C. L. HOW'D YOU LIKE TO PAY \$50 FOR OLD SHOES?

The old clothes man is a high financier in Poland and other parts of eastern Europe, and especially in Siberia, where a pair of second-hand shoes sell for as much as \$50, and where the cast-off clothes of an American Red Cross worker were lately appraised as being worth more than \$1,000.

American Jewish relief agents are constantly coming across destitute Jews wrapped in rags that they have not had on them once, day or night, in the last five years. Getting fresh clothes to them is quite as important as giving them food, now that the typhus epidemic is carrying them off by hundreds. Typhus is a disease carried by body lice and flourishes inevitably among these people who have no change of clothing and who lack even soap for bathing.

In order to fight the typhus epidemic and to feed and clothe these destitute people the American Jewish relief committee is raising a fund of \$35,000,000. Illinois' share in this amount, \$1,500,000, will be raised in a drive to be made October 26 to November 1.

The local authorities have called upon American relief funds to help solve the problem. American philanthropists have just submitted plans for a new system, and in the near future this Polish city will be provided with an up-to-date water plant.

In order to carry on with this work as well as to relieve the sufferings of the millions of old men, women and children in eastern Europe, the American Jewish relief committee is raising a fund of \$35,000,000. Illinois has agreed to raise \$1,500,000 as its share of this amount. A drive will be made in this state October 26 to November 1.

Now is a good time to look at the If you wish the Telegraph continued please send in your check, P. O. order or draft.

## THE "BLUES" Caused by Acid-Stomach

Millions of people who worry, are despondent, have spells of mental depression, feel blue and are often melancholy, believe that these conditions are due to outside influences over which they have little or no control. Nearly always, however, they can be traced to an internal source—acid-stomach. No it is to be wondered at. Acid-stomach, beginning with such well defined symptoms as indigestion, belching, heartburn, flat, etc., will, if not checked, in time affect to some degree or other all the vital organs. The nervous system becomes deranged. Digestion suffers. System becomes deranged. Health and strength are undermined. The victim of acid-stomach, although he may not know the cause of his ailment, feels his hope, courage, ambition and energy slipping. And truly life is dark—not worth much to the man or woman who has acid-stomach!

Get rid of it! Don't let acid-stomach hold you back, wreck your health, make your days miserable, make you a victim of the "blues" and gloomy thoughts! There is a marvelous modern remedy called EATONIC that brings on such quick relief from your stomach troubles—sets your stomach to rights—makes it strong, cool, sweet and comfortable. Helps you get back your strength, vigor, vitality, enthusiasm and good cheer. So many thousands upon thousands of sufferers have used EATONIC with such marvellously helpful results that we are sure you will feel the same way if you will just give it a trial. Get a big 50 cent box of EATONIC—the good tasting tablets that you eat like a bit of candy—from your druggist today. He will return your money if results are not even more than you expect.

## EATONIC (FOR YOUR ACID-STOMACH)

**Chinese Dietary.**  
Chinese cooking has for its general basis chicken broth or poultry jelly and red sauce. The latter accompanies nearly all the dishes; it is a kind of dissolved meat jelly flavored with pimento and coriander. Pork and mutton are almost exclusively eaten; horse and camel meat, however, may be bought. The number of edible dogs eaten annually in China is estimated at 5,000,000.

**Napoleon's Temper.**  
Defeat was so distasteful to Napoleon that, so it is recorded, when he found an opponent at chess getting the better of him he would with a quick movement sweep board and pieces off the table to the ground.

## LESS MEAT IF BACK AND KIDNEYS HURT

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

### CORN ROSE, BUT WEAKER IN END

Chicago, Oct. 6.—Corn rose in price today owing largely to the settlement of the British railway strike and to the lifting of restrictions on sailings from the United States to British ports. Higher quotations on hogs counted likewise as a strengthening factor, and so did the heavy rainfall of Saturday and Sunday, besides offerings were light. Opening prices, which ranged from 1 1/4 to 2 1/4 higher, with December 1 1/2 to 1 3/4 higher, and May 1 1/2 to 1 3/4; were followed by only a moderate reaction.

Oats ascended with corn. Nothing, however, was heard of any fresh demand from the seaboard. After opening 1/2 to 3/4 higher, including December at 71 to 71 1/2 the market tended to sag.

Provisions were sharply higher, following hogs and grain. The best bidding was for January lard. Profit-taking sales weakened the market toward the last. Prices closed unsettled at the same as Saturday's finish to 1/2 lower, with December 1 1/2 to 1 3/4 and May 1 1/2 to 1 3/4.

### EX-MAGISTRATE IS FINED BY SUCCESSOR

Former Police Magistrate W. G. Kent was fined \$2 and costs this morning by his successor in office, Magistrate Harold Sheller, for violation of the traffic ordinance, which prohibits owners of automobiles leaving their cars unattended in the streets of Dixon with the engine running. Mr. Kent was charged with having committed that offense Sunday morning, the complaint being pressed by Commissioner Slothower.

## Whiskers Explained.

The early Jews were literally long on whiskers and made good use of them. The Jew's beard was a sort of standing notice to the world concerning his state of mind. If everything was propitious—wife and children well and business good—his beard was combed out and perhaps oiled. But if death had entered his family, his beard was a mere tangled mass of hair. The condition of the whiskers also indicated the existence of other emotions.

## Explaining "Yankee."

Yankee "was a cant, favorite word with farmer Jonathan Hastings of Cambridge about 1713. . . . A Yankee good horse, or Yankee elder and the like. . . . The students (of Harvard) used to hire horses of him; their intercourse with him, and his use of the term on all occasions, led them to adopt it."—Will Gordon, "Independence of United States," volume 1, letter 12, page 482.

### Chicago Bread Goes Up a Cent in Price

By Associated Press Leased Wire Chicago, Oct. 6.—Retail dealers today increased the price of bread one cent a loaf. The present price is 11 cents a loaf or two loaves for 21 cents. The bakers raised the price one-half a cent a loaf and the retailers added a full cent to the price charged consumers.

### Poles Carry Dvinsk in Two-Day Battle

By Associated Press Leased Wire Copenhagen, Oct. 6.—Polish forces have carried the fortifications of Dvinsk, between old Russia and Poland, after two days of hard fighting, according to Berlin advices. All the city except a portion south of the Duna River now is held by the Poles, it is said.

## DENIKINE'S ARMY ADVANCES.

By Associated Press Leased Wire Copenhagen, Oct. 16.—General Denikine's troops are within 30 miles of Orel, on the road to Moscow, and the bolsheviks who have been opposing him are surrendering in great numbers, according to a wireless despatch from the Cossacks anti-bolshevik commander received here.

## "Age Cannot Wither."

A tradesman was brought before the magistrate charged with having sold unwholesome articles for consumption as food. The charge was fully proved. "I wish to point out to the court," said counsel for the defense in a dignified tone, "that the house of business that I have the honor to defend was founded in 1802." "Has it renewed its stock since that date?" asked the magistrate.

## POTATOES

Seven cars now on track. Quite a lot of Potatoes, isn't it? But it takes a lot for our trade because of the low price, and good quality we sell. We have fine stock \$1.45 at store, where our sales force is. There are a lot of people who do not understand, but we can sell much cheaper at store than off the car.

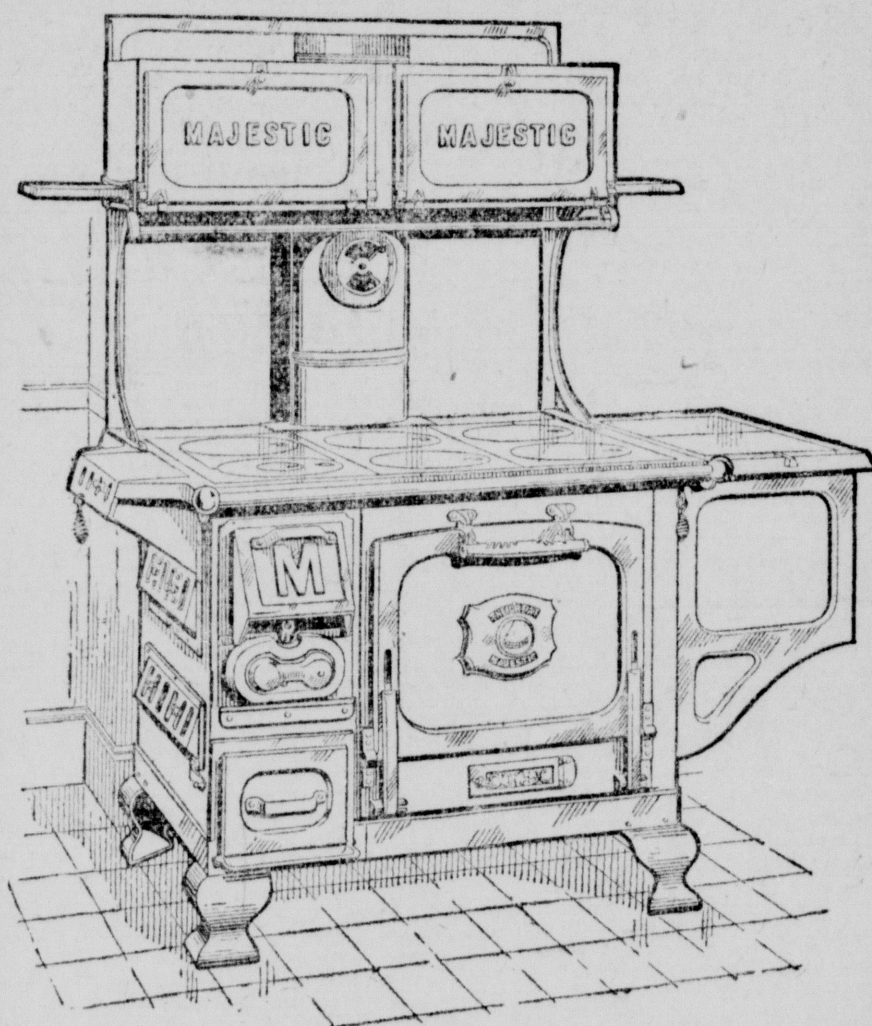

Note.—When we advertise a car on track we advertise a car of our own, not a car of some jobber or wholesaler—like some of the merchants here do.

MORAL: Fish where there is fish.
